

3 Great Tasting Flavors

20 grams of Protein
 Less than 1 gram of sugar

Try delicious VitalProteinRx™
 Say goodbye to bad tasting protein drinks
 and powders!

VitalProteinRx™ Protein Bar

VitalProteinRx™ is a state-of-the-art medical food designed to provide highly concentrated quality protein for patients on dialysis and those with diabetes.

VitalProteinRx™ Protein Bar is available in three delicious flavors: Chocolate Brownie, Peanut Butter, and Lemon Zest. Each tasty bar packs 20 grams of bioavailable protein – Biological Value (BV) higher than that of fish, beef, and chicken – with less than 1 gm of sugar (especially important for the diabetic and glucose intolerant patients), and limited potassium, sodium, and phosphorus. VitalProteinRx™ is recommended for protein-malnourished, dietary-restricted patients, offering a safe and easy way to boost protein levels, an important element in achieving optimal health, not only in dialysis patients but in other patients with chronic states of malnutrition as well.

NOTE: VitalProteinRx™ is available only under the supervision of your health care practitioner. VitalRemedyMD donates part of the proceeds of these bars to further research and education in the field of kidney disease.

See our complete suite of nutritional supplements designed for patients with Chronic Kidney Disease.

People with Chronic Kidney Disease (CKD) represent a unique population with regard to nutritional requirements and appropriate supplementation and VitalRemedyMD has designed a suite of medically directed nutritional supplements to meet their needs.
